Office Locations: USA - Florida, Texas, Arizona | Europe - Netherlands

These SCP™ Ultra Flat Professional Series cables, incorporating the latest HDMI® technology, is designed for professional installations requiring greater flexibility and low profile access to HDMI ports on ultra-thin displays and multi-port devices.

At only 2.2mm x 7mm, the SCP Ultra-Flat Series are the thinnest “ribbon style” professional cables on the market.

Designed and ATC tested to provide the highest quality and performance for even the most demanding installations.

- Ultra Thin 2.2mm x 7mm Cable Diameter
- Low Profile 15mm Connectors
- Ultra Flexibility with superior bend radius
- Light Weight zinc alloy housing
- Triple Shielded for ultimate interference protection
- 24K Gold Plated for optimal signal transfer and corrosion resistance
- 36 AWG TC conductors
- Backward compatible with all previous HDMI versions
